Dear Ag:

Just got back from Springfield, Illinois with a lot of tokens and medals. Did not find one thing for you, but did get a piece in the mail on a trade.

Oh! I guess I did get something for you. I got the First Annual Ball Program in an antique shop for 25¢ so it is a gift to you.

The other piece might be of interest to you.

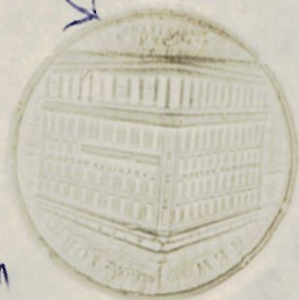

About all.

Regards,

Bill

Dear Ag:

Went to the Post Office to mail your piece to you and found a package  
from an older eastern collector who has mailed some beautiful pieces  
to me over the past years.

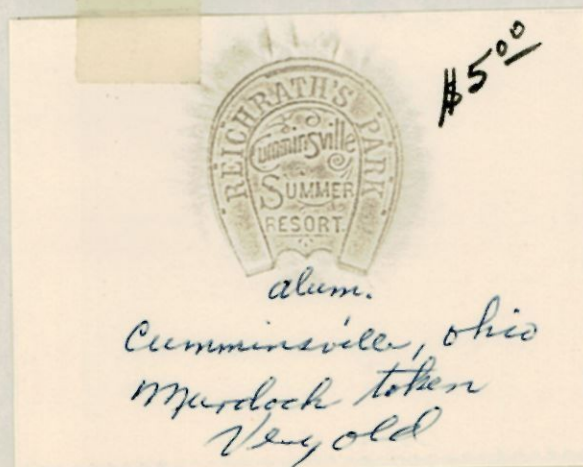

I bought it all, even though he is pretty high in price - - bmt all  
the stuff I get is always very rare material.

Enclosed is an impression of a very old Murdock (token maker) piece  
that I paid him \$5.00 for. So, you can see I'm not making anything  
on it - not even postage, etc.

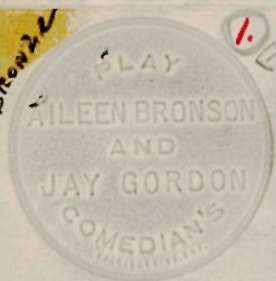

Will keep on the lookout for you. My trips over the next weeks ought  
to turn up something good.

Regards,

*Bill*

Dear Ag:

Three trades and purchases came in the mail in one day and I had quite a load of tokens to go through.

I will list those below that I have sent impressions of and price. Ag, I was just plain lucky that I had material to trade for the 3 CCC Camp tokens or I would have never gotten them for \$5.00 each. More and more the various traders are putting them in the same category as Military tokens and most Military goes pretty high if it is rare.

The 2 Belgium and 1 (large) Brussels Prison tokens came from a token collector in Germany. He is a U.S. Soldier who collects and whom I have traded with for a long time. In his three different tours in Germany these are the first that he has ever found and he found them in the hands of an old German Coin dealer.

The prices shown are exactly what I have in them.

- ✓ 1. \$5.00 - - in AU condition. Very nice.
2. \$9.50 - - in XF condition. This is about the nicest I've seen.
- ✓ 3. \$9.50 - - in VF condition. This piece is dated 1869 and is quite unusual. "Yankee Robinson Big Show"
- ✓ 4. \$7.50 - - in XF+ condition. Please note that some of the impressions are weak and do not show condition in that some of the pieces are thicker than others and they did not come through as well as could have been expected.
- ✓ 5. \$5.00 ccc 832 54
- ✓ 6. \$5.00 ccc 432 104
- ✓ 7. \$5.00 ccc 482 54
8. \$5.00
9. \$7.00 Fine
10. \$7.50 XF
11. \$7.50 XF++
- 12.

Anyway, pick what you want and send your check plus some postage and I'll ship to you at once.

I would have just sent these but I figured that you may not want them all and I have some other sources who do want what is left over.

Regards,

Bill
